

VILLAGE OF EAGLE
WAUKESHA COUNTY
RESOLUTION 2004 – 04

WHEREAS, the residents of the Village of Eagle depend exclusively on ground water for its safe drinking water supply, and certain land use practices and activities can seriously threaten or degrade ground water quality; and

WHEREAS, the purpose of this Resolution is to declare that Village owned property adjacent to wells 3 and 4 are subject to restrictions so as to protect the Village of Eagle municipal water supply and well fields, and to promote the public health, safety and general welfare of the residents of the Village of Eagle.

NOW THEREFORE, the Village Board of the Village of Eagle, Waukesha County, Wisconsin, RESOLVES AS FOLLOWS:

The Village of Eagle adopts and approves the Wellhead Protection Plan for the Village of Eagle dated January 2004 and on file in the Village Clerks Office.

Those lands owned by the Village of Eagle, adjacent to Well No. 3 and Well No. 4 and consisting of forty acres, shall not be developed in any manner which would violate the following minimum horizontal separation distances between the wells and the following land uses and facilities.

1. Fifty feet between the well and a storm sewer main.
2. Two hundred feet between the well and any sanitary sewer main, sanitary sewer manhole, lift station or single-family residential fuel oil tank. A lesser separation distance may be allowed for sanitary sewer mains where the sanitary sewer main is constructed of water main materials and joints and pressure tested in place to meet current American Water Works Association C600 specifications. In no case may the separation distance between the well and a sanitary sewer main be less than 50 feet.
3. Four hundred feet between the well and a septic tank or soil adsorption unit receiving less than 8,000 gallons per day, a cemetery or a storm water drainage pond.
4. Six hundred feet between the well and any gasoline or fuel oil storage tank installation that has received written approval from the Wisconsin Department of Commerce or its designated agent under § Comm. 10.10.
5. One thousand feet between the well and land application of municipal, commercial or industrial waste; the boundaries of a landspreading facility for spreading of petroleum-contaminated soil regulated under Wisconsin Department of Natural Resources ch. NR 718 while that facility is in

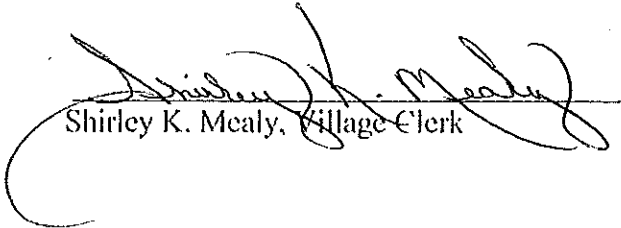

operation; industrial, commercial or municipal waste water lagoons or storage structures; manure stacks or storage structures; and septic tanks or soil adsorption units receiving 8,000 gallons per day or more.

6. One thousand two hundred feet between the well and any solid waste storage, transportation, transfer, incineration, air curtain destructor, processing, wood burning, one time disposal or small demolition facility; sanitary landfill; any property with residual groundwater contamination that exceeds Wisconsin Department of Natural Resources ch. NR 140 enforcement standards that is shown on the department's geographic information system registry of closed remediation sites; coal storage area; salt or deicing material storage area; gasoline or fuel oil storage tanks that have not received written approval from the Wisconsin Department of Commerce or its designated agent under § Comm. 10.10; bulk fuel storage facilities; and pesticide or fertilizer handling or storage facilities.

Passed and adopted this 11th day of March, 2004.

Richard Spurrell, Village President
